

**SET FREE Church**  
SETFREETUCSON.COM

---

Dear Premier Contractors,

5/27/10

Thank you so much for your hard work and dedication in putting Flowing Wells Baptist Church back together with such care after an arsonist set fire to the front of the building. Our church SET FREE shares the facilities with Flowing Wells Baptist church. The True Church is in the hearts of the believers. The church building is the place we come together to worship and fellowship in support of each other and giving glory to God.

Unfortunately someone wanted to either destroy the building or dampen the hearts and spirits of the believers. We have continued our meetings and services as usual as you worked to restore the damage done to the building. The work your company and employees have done for us leaves the church building looking beautiful.

Thank you again for your careful attention to the details and needs of our people during the repair and restoration after the fire.

Most Sincerely,

A handwritten signature in black ink that reads "Vince Fuca". The signature is written in a cursive, flowing style.
